FROM THE DIRECTOR'S DESK

We have had a lot of complaints about the mowers this summer. We have a contract with the mowers that are set to our expectations, not yours. If there is something the mowers are not doing then it's not in the contract for them to do so. It is in the contract for them to blow the grass off the sidewalk/patio, but they will **NOT** get every blade of grass. If you would like your patio/sidewalk cleaner than what the mowers are doing, then you will need to blow/sweep the rest yourself. Also, as it is stated in your lease, you are to maintain your own yard. This means if there are sticks or trash or other debris in the yard, you need to pick it up before the mowers get there to mow. If you have outside decorations or lawn furniture that you do not want grass to blow onto during mowing, you might want to put them up inside the garage or cover them to eliminate them from getting dirty.

It's back to school time already! We have included information regarding the dates of the first day of school in each town.
