

# Neighbors

## FROM THE DIRECTOR'S DESK

*Effective October 1, 2019 we will now be closed on Wednesdays. There will be no appointments, no walk-ins and no calls! Our maintenance staff will still be out in the developments completing work orders. If you have an emergency you need to call the emergency work order number. 217-827-2100. This number is for emergencies only! If you have a regular work order DO NOT stop the guys in the developments. You need to wait until the next business day to call or you can call in and leave one of us a voicemail. You can also email us at [staff@teamhousingcenter.com](mailto:staff@teamhousingcenter.com).*

If you are needing or wanting New Wave communication services the new wave workers are NOT allowed to drill into the house. There is a box in the garage that they can connect to. They also cannot leave the wire laying across the yard. This is a trip hazard and if the mowers come to mow and the wire is left out, they will mow over it and cut it. We will not be responsible for the damage. The wire needs to be buried the day of insulation. No exceptions!

Fall is officially here! You are welcome to decorate for the holidays, just be sure to take decorations back down a few days after the holiday. Keep in mind that decorations for any occasion must be safe (not a trip hazard, no electric cords running along the ground, in good condition). Please be safe when trick-or-treating in the subdivisions. Only visit residences with the porch light on, children should stay with an adult and obey trick-or-treat days and times for each town.

*Peg, CEO*
