**Chocolate Cookie Recipe!**

1. Preheat oven: 375 degrees
2. Whisk together the flour (2 1/4 cups), Baking soda (1 teaspoon), and salt (1 teaspoon), in a large bowl.
3. Beat the butter (1 1/2 unsalted butter, at room temp) and both sugars (3/4 cup packed light brown sugar and 2/3 cup granulated sugar) on medium-high speed in the bowl of a stand mixer fitted with a paddle attachment (or in a large bowl if using a handheld mixer) until light and fluffy, about 4 minutes. Add the eggs (2 large eggs), one at a time, beating after each addition to incorporate. Beat in the vanilla (1 teaspoon pure vanilla extract). Reduce the speed to medium, add the flour mixture and beat until just incorporated. Stir in the chocolate chips (one-ounce bad semisweet chocolate chips).
4. Scoop 12 heaping tablespoons of dough about 2 inches apart onto each prepared baking sheet. Roll the dough into balls with slightly wet hands. Bake, rotating the cookie sheets from upper to lower racks halfway through, until golden but still soft in the center, 12 to 15 minutes (the longer the cook time, the crunchier the cookies). Let cool for a few minutes on the baking sheet, and then transfer to a rack to cool completely.
5. Let the baking sheet cool completely, scoop the remaining dough onto 1 sheet and bake.
